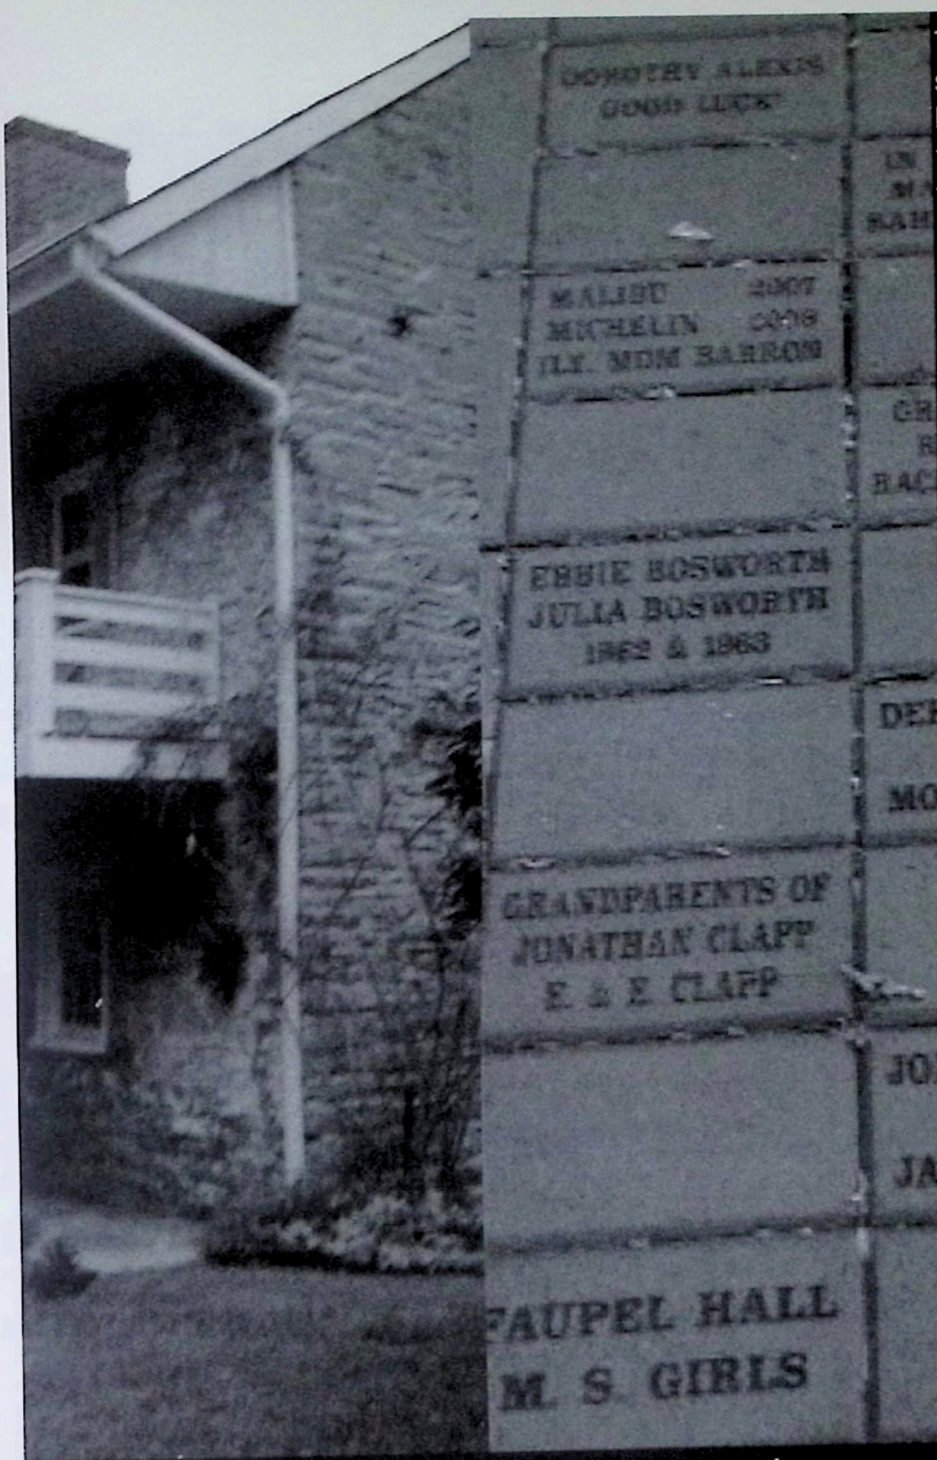
CORNERSTONE

2000

Time flies over us,
but leaves its shadow behind.

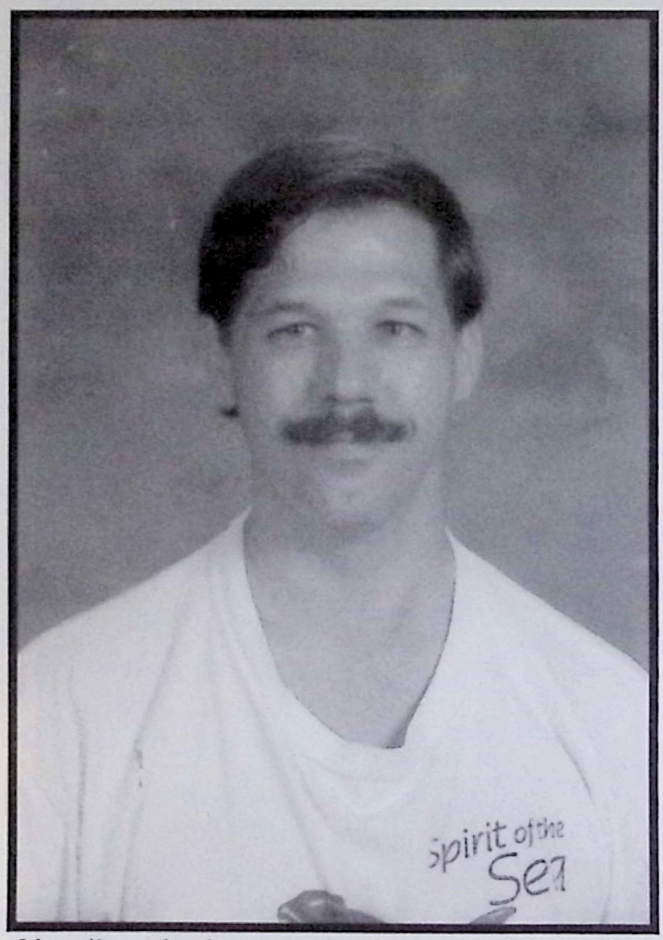


The yearbook staff spent numerous hours discussing theme possibilities for the 1999-2000 yearbook. After many productive discussions, we have chosen the theme "Where all good things come to an end, "The Cornerstone" is the foundation of life long memories." We believe this saying represents the true meaning of the Cornerstone. It reminds us all that our school years together wont last forever. However, the good times we have shared in school shall always live in our hearts, preserved as memories in the Cornerstone. Therefore, in the Cornerstone, the safe treasury of our moments together will let the memories live on!

Where all good things come to an end,
"The Cornerstone" is the foundation
of life long memories.

2000

Dedicated to...



The Cornerstone staff is pleased to make this year's dedication to a fellow graduate. This individual first enrolled at the Maryland School for the Deaf in Fall 1966 when he was 8 years old. After being a member of the graduating class of 1977 he went on to begin employment here at MSD in November 1978.

The yearbook staff was impressed by this person's attitude and work ethic; always more than willing to help and contribute in any way possible, he goes above and beyond the call of duty on a regular basis. Many times he will attend a school event on his own time only to end up "working". For example, he comes in work clothes the morning of Graduation to make certain that everything is perfectly clean, and then changes into a suit in order to watch the graduation ceremonies. Because of his friendly attitude towards all employees and students, and also because of his enormous dedication and pride in the Maryland School for the Deaf, we are proud to dedicate the 2000 Cornerstone to Richard Charles Rosensteel.

Special Thanks from the Yearbook Staff!

The yearbook staff wishes to thank Mr. E. Thomas McKenna for his dedication, not only for the 2000 yearbook, but for the past 32 years. We know you would have liked to finish this year's yearbook with us, but unforseen medical complications couldn't wait. We wish you the best of health in the future and many more years of Cornerstone publications.

Congratulations Members of the Graduating Class of 2000!

Each of you have reached a significant milestone in your lives: High School Graduation! MSD has much confidence in each of your individual abilities and talents as you move on to colleges and universities, to training programs, or to the world of work. Treasure throughout your lifetimes the knowledge, skills, and friends you gained at MSD.

A new decade, century, and millennium have arrived! Our human species have roared through the 20th Century with unprecedented medical and technological advances. We have dramatically increased average life expectancies, eradicated diseases, slowed down cancer, and rescued premature babies. We have walked on the moon, explored ocean floors, created the internet, and made airline travel accessible to all. However, we have also witnessed worldwide human destruction. World and regional wars, two atomic bombs, and ethnic and religious conflicts have claimed millions and millions of lives. Global warming, ozone depletion, and environmental pollution are endangering our planet. It is with much hope that you and others in your generation will enter a new period of understanding where nations will attempt to put more value on cooperation over domination, environment protection over corporate profits, and education over bigotry.

Members of the MSD Community are honored to be part of your "MSD Education", and you are always welcome to visit here and share with us your "world adventures"!

Best wishes,

James E. Tucker

Fallon displays her amazing spike!!!!

Jenica jumps high enough to spike the ball over the net.

Laura, who is this perfect assist for?

It was Ms.Kitsembel and Mr. Lehmann's first time working together as coaches. They felt pretty good about the outcome of the season. After returning home from Indiana with a 0-8 record, the team got it together and played better as the season went by. The coaches were very pleased with the team's progress as the season ended on a sucessful note with two titles, the Orioles Classic and the ESDAA Championship, and a winning record of 18-16. The coaches' prediction of next year is that the team will be stronger with more experience. They all look forward to returning to the pass-set-kill season in the next millennium when MSD volleyball will celebrate its 10th year anniversary by hosting the annual ESDAA Volleyball Tournament.

The team is working together to come up with a plan to get another victory.

Where did the ball go? Into thin air?

Tabitha is devoting all her energy into the serve, look at that concentration.

Can you see the coach over there? He looks worried because Shawn is headed for a touchdown again!

Coach Roscoe Murray was very proud of how his boys played in practices and games. Their attitude was all positive. He didn't expect them to turnaround from 1-8 to 7-2. The coaches knew the players would have some improvements, but only minor improvements. This season was the greatest turnaround in school History! Throughout the season, Coach Murray would say things as "We (coaches) believe in you (players) and you have to believe in yourself" and "Attitude is important. It will relect on how you play on the field." Their greatest moment of the season occurred against Fairfield. Trailing 30-6, with eight minutes left in the fourth quarter, they engineered an unbelievable rally and won the game 36 to 30! The boys concluded their unbelievable season: ranked third in nation.

Tucker is giving one of his well-known pep talks.

Lacey shoots over the MKSD's faces as the net goes swoosh once again.

What a great season! The MSD varsity basketball team broke the school record of 17 wins! The team lost only one player from last year, a team that was dubbed "the come back kids". After being "green apples" last year, this year they were "red apples". They developed greatly in the aspects of maturity, experience and skills. The core of the team has been together for three years and as a result, their record has gradually improved from 6-13 to 13-7, then this year's 17-6. They entered every game with good feelings and played hard and well. This team was the best team Coach Stoltz ever has coached. The team had great "team chemistry" and was always supportive, giving each other encouragement. MSD gave a valiant battle in the ESDAA tournament unfortunately, they lost by one point. But they will be back next year stronger and should make another great run. "Lady Orioles Control the Court."

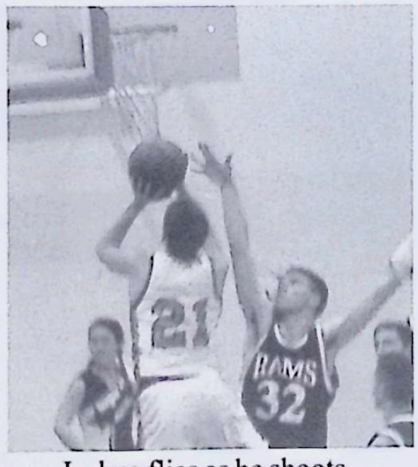
Jason aces another 3-pointer, SWOOSH!!!

Shawn goes for another one of his talented lay-ups.



Joshua flies as he shoots "nothing but the net."

It was a strange feeling as Mr. Roscoe Murray returned to coaching, since he never thought he would. As a coach, he expected a winning season and a shot at the ESDAA crown with the players that he had inherited. Really, this season was a roller coaster ride, with many ups and downs. The boys would play great in one game then play poorly in the next. However, they never stopped playing until time expired, no matter if they won or lost. That's what Coaches Roscoe Murray and Al Reins wanted! They could sense a big improvement in the boys' understanding of the game and fundamentals from Day 1 to the last game of the season. Their defense and shooting especially improved. The climax of this season was: After losing to New Life two times, in the third game they were trailing by 24, then rallied to win! Roscoe Murray enjoyed coaching this team, and he expects them to make a run at a perfect season, ESDAA crown and perhaps a National Title next season! It's up to the boys....

Robert Steele sets his record over DeJuan Hamilton's record for most tackles.

MSD had a good year for the wrestling program. Coaches Radu Junc and Jeff White are proud of their wrestlers. MSD wrestlers surely brought a lot of black and orange pride with them, like capturing the Holloway and Grace Brethren Tournaments. Coach White is glad to see that MSD wrestlers played everything out of their hearts, defeating MSSD which was critical in winning the National Deaf Championship title. This year, there was so many records that were broken by the MSD wrestling team: Robert Steele's most victories-career, most National Deaf Championship titles and an undefeated season. They were a great team with Jermaine Brown, Jason Sunderland and Antonio Jimenez guiding them with their superior leadership. When MSD won the National Deaf Prep Championship, Coach White told his wrestlers that now they can say they are the kings of all nations!!!

Birdieman2 is leaving today
for those greener pastures upon which he'll play.
In Scotland began this game that he loves
above all on earth and heaven above.
He'll carry a bag that's filled up with sticks,
with socks on their heads to prevent and nicks.
He'll wear funny shoes, with spikes underneath,
to assure when he swings that he'll stay on his feet.
There'll be holes in the ground with flags sticking out,
small cars driving 'round, people walking about.
Some bodies of water, small beaches of sand,
where, hope against hope, his ball's sure to land.
He'll always be sweet and say ne'er a bad word,
only darn it and heck, so soft can't be heard.
A tip of his hat as the ladies go by,
he'll flash a big smile when one
catches his eye.
This is his dream, of that, 'tis no
doubt,
I've heard it so often I'm ready to
shout!
Wherever life takes him, what path
'fore him lies,
He'll be a success in my loving eyes.

Twas only yesterday, does seem,
when first I held you in my dreams~
now years have passed, and still does seem,
You're still my baby...in my dreams.

As you set sail from these small shores toward independence and manhood
~for every tear you shed there will be laughter
~Every valley of frustation will be equaled by a mountain of joy

Life isn't easy but it is rewarding, and perhaps most importantly, please remember
There will always be a place of comfort, warmth, and support in your
home port, with me.

Lots of love always,
Mom xoxo

Every year, we hear the same story: The Yearbook Staff experience extreme pressure as they frantically work to meet their deadlines. We didn't realize how true that was until we found ourselves laboring to meet those deadlines. Frankly, all of us were inexperienced with no clue in the Yearbook business. Fortunately for us, we had a thirty-year plus Yearbook veteran, our advisor Mr. Thomas McKenna, to guide us through the learning process. In no time, we had garnered the reins of the Yearbook operation. We felt confident that we would create a masterpiece for all to savor in future years.

With about three months left in the school year, we suffered a blow. Mr. McKenna had to leave for personal reasons. Without his steady leadership, and no immediate new advisor, we panicked a bit. Thoughts such as "We aren't going to make it" and "What will we do?" filled our minds. However, we had two special individuals, Mr. Mike Reid and Ms. Leah Bartell, who stepped in and helped us for the rest of the year. Under their leadership, we moved at an unbelievable pace. Now, thoughts such as "We're gonna make it" filled our minds. We would also like to thank a few individuals: Ms. Nancy Benton for several magnificent photographs; Mrs. Karen McKenna for helping us with the rosters, and Mr. Chad Baker for his help with editing.With confidence, we are proud to present the 2000 Cornerstone edition to you, the MSD community. Enjoy!
